

Dear LabVIEW friend,

In this newsletter:

1. Vale Kurt Friday
2. GDevCon ANZ #2 Dates set
3. Sponsor callout
4. Presenters' callout
5. Catch GDevCon ANZ #1 videos on our Youtube channel

Vale Kurt Friday

Kurt Friday, one of the original GDevCon ANZ Inc members, and leading LabVIEW Community figure sadly passed away earlier this year.

We wanted to take a moment to remember Kurt, and thank him for his amazing contribution to the LabVIEW community, and more importantly for his friendship and love. He will be remembered fondly by all who knew him.

We will miss you enormously Kurt.

GDevCon ANZ #2 event scheduled May 27 / 28 2025

We have locked in the next GDevCon ANZ event. Details are:

Where: CSIRO Lindfield, Sydney, Australia

When: Tuesday 27 May and Wednesday 28 May 2025

Calling for Presenters and Sponsors: Open now, see below.

Tickets: Will be on sale shortly

GDevCon ANZ 2025 Sponsor Callout

We have started signing up our sponsors for 2025. We're looking for companies who specialise in the Test and Measurement sector.

GDevCon ANZ offers your company great exposure. Here are some considerations:

1. Get in front of 70+ people from around Australia, New Zealand, and beyond.
2. Exhibit your wares. Plenty of exhibition time to engage in deeper discussions about your products/services.
3. Gold/Silver sponsors get a short presentation slot at the event.
4. Signage with your logo.
5. Your logo featured on every Youtube Video we create for the given year.
6. Your logo and link to website on the GDevCon ANZ website.

To learn more, go to our [Sponsors page](#) to register your interest.

GDevCon ANZ 2025 Open for Presentations

We are now accepting submissions for GDevCon ANZ Presentations. Have you considered presenting your work or lessons learned to the LabVIEW community? Read on!

1. There are two options – a full 45-minute presentation, or a short 7-minute presentation. Full presenters get a free ticket to the conference.
2. Topics can be anything! Topics that are of great interest include NI LabVIEW, TestStand & Systemlink development, test and measurement considerations, manufacturing/production efficiencies, community and hobby projects, software and hardware development processes, to name just a few. (The only request we have is that it is developer focused, with minimal focus on sales.)
3. Every presenter will be assigned a mentor upon request. This is especially helpful to first time presenters. The mentor will be able to provide guidance and feedback prior to the event, enabling you to put together your best presentation.

If you're interested, please [submit your presentation for consideration here](#).

To check out past presentations, see below to learn about our Youtube channel.

Watch GDevCon ANZ 2023 on our YouTube channel

If you weren't already aware, we have setup a [GDevCon ANZ YouTube channel](#). We've been posting new videos from our last event every few weeks. Please like the videos and subscribe to the channel, and check back regularly for new releases.
